The University of Economics and Human Sciences in Warsaw is an academic institution placing high demands on the academic community. It implements multidisciplinary and innovative scientific research having international impact. It offers high-quality education to Polish and foreign students in various scientific fields and disciplines. It combines the tradition of conducting scientific research with general academic and practical profiles of teaching. It strives to strengthen its pro-social impact, both on a local and global scale. It is a future-oriented institution and responds to the changing needs of the open economy. It seeks to strengthen attitudes conducive to the development of a democratic and civil society. It is a world-neutral and religion-neutral, tolerant and socially sensitive university.

The University currently educates 10000 students (including foreigners from 59 countries around the world) in the field of economic sciences, humanities and law as well as computer science. The university also conducts English-language faculties, i.e. Finance and Accounting, Political Sciences, Psychology, Management, German Philology, English Philology and Dietetics.

ACADEMIC HOUSING NETWORK

Studying away from home is a fantastic adventure, but also a massive challenge. That's why it's so important to feel safe, which a comfortable flat located close to the university certainly provides.

The UEHS academic accommodation office does not guarantee accommodation for nominated students - the number of places is limited.
